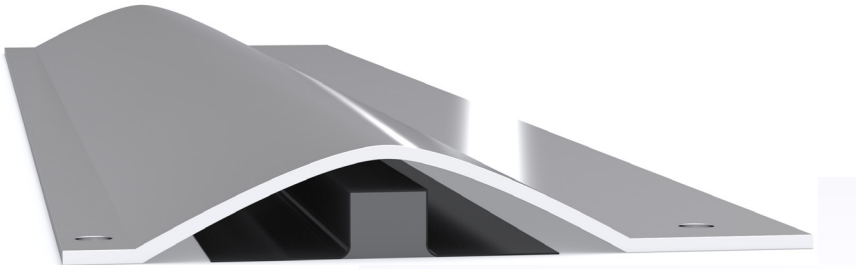
RTJ-1 Waterproof Floor Expansion Joint Cover

AUSTRALIAN MADE AND OWNED

GOOD DESIGN AWARD® WINNER



Features

- Multidirectional 2-way Movement
- Vehicular Traffic
- Indoor Use
- Outdoor Use

The RTJ-1 Waterproof Aluminium Car joint cover is designed for car parks, driveways and roofs. The standard system is supplied with 6mm thick aluminium cover plates. Also available are custom-modified systems with 6mm, 8mm, 10mm, 12mm or 15mm structural steel cover plates for heavier applications, including delivery bays, refuse vehicle areas and other applications. The con-proof elastomeric barrier is easily site-applied resulting in a waterproof system offering +/-25mm movement, while fully protected by the plate. The ultimate waterproof solution.

Materials

- Aluminium 6063-T5 mill finish alloy. Other materials available on request for heavier loads.
- Supplied in 2400mm lengths.

Fixings

- Pre-drilled at ~350mm centres for M12 fixings,
- One side is pre-drilled with slots to allow movement beneath the bolt heads.
- The system will be supplied with specialised custom fixings, including M12 drop-in anchors and fixing bolt, steel and and nylon washer to facilitate movement.

TECHNICAL CHARACTERISTICS Illustrated: RTJ-1

Aluminium Code	A	B	C	Movement	Total Available Movement
RTJ-1	25	45	300	+/-25mm	50mm
