

DVW-150 to DVW-400 Aluminium Wall & Ceiling Expansion Joint Covers

Features

Illustrated: DVW-400

DVW Series wall and ceiling expansion joint covers are designed for internal and external applications, they can carry a secondary wind/vapour barrier, they are usually considered for installation on block work walls or internally in cement sheet walls, but are suitable for installation in most applications.

DVW Application

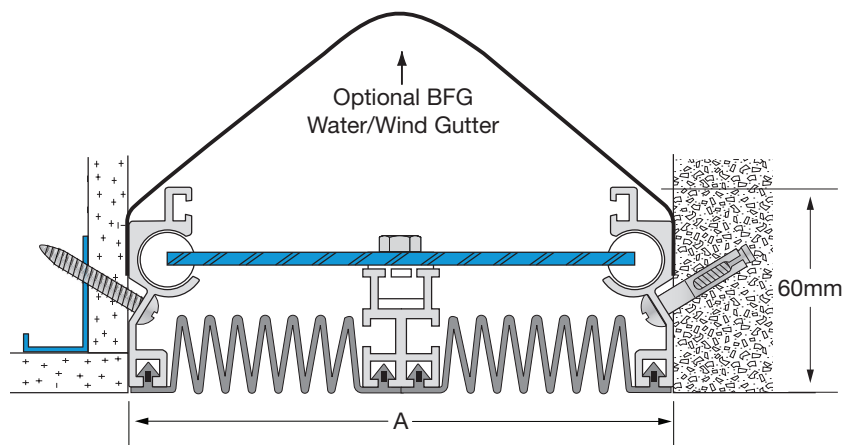

- Can carry a BFG water/wind barrier if required.
- The DVW expansion joint cover features a spring steel tie bar that prevents sagging of the Santoprene inserts.

Materials

- Aluminium 6063-T5 mill finish alloy.
- Supplied in 3050mm lengths.
- Standard grey Santoprene inserts.

TECHNICAL CHARACTERISTICS			
Aluminium Code	A	Movement	Total Available Movement
DVW-150	150	+150/-70mm	220mm
